2021 Bulls from Cornell Farms

Welcome to our 2021 Bull Sale pamphlet. We have been raising breeding stock since 1963 and believe that good management is breeding and selecting cattle that do well on feed sources grown economically here. While other breeders have focused on high performance, high input cattle, we have let our weather and soil conditions determine the development of our herd. Profitability is more about how much you save rather than what you make. We have developed a cow herd that is deep, thick and has the capacity to use forages efficiently. We are convinced that our moderate cows wean more pounds per acre and that type of cow should make us all more profitable.

Come early for the best selection. For pictures and videos of some of the bulls go to our website. We look forward to hearing from you so we can help you with your bull selection. Thanks for your support over the years. We enjoy sharing in the excitement of Agriculture with all of you!

The Cornell Family

Two Year Old Bulls for Sale

Bull Breed	Birthdate Sire	Dam Dam-Sire	CE BW (lb)	AWW (lbs) WW	AYW YW	MILK TM	Weight (Apr.19/21)

Definition of Terms

CE: Calving Ease

BW: Birth Weight

AWW: Adjusted Weaning Weight

ADG: Average Daily Gain

SC: Scrotal Circumference

AYW: Adjusted Yearling Weight

FS: A score determined by a mathematical calculation involving age and hip height—an indication of what the mature size of the animal will be.

BW EPD: Measures how much above and below the breed averages an offspring will gain due to the parent.

CE EPD: Predicts the ease with which the progeny of the animal should be born.

WW EPD: Reflects progeny growth difference up to 205 days. **YW EPD:** Reflects progeny growth from weaning age to yearling age,

TM EPD: Combines the genetics for pre-weaning growth and the influence of milk on the weaning weight of the daughter' progeny.

MILK EPD: Indicates the ability of a sire's daughters to provide their calves with an environment which encourages growth from birth to weaning through milk production and mothering ability.
